## Profile

I am Momoh Abdul Jabbar , also known as a coding machine because I code for a duration of about eleven hours daily. I am a full stack developer, digital marketer and a web 3 enthusiast. I will use my qualities and skills to promote any organization or body as well as contribute tremendously to the strategic growth and development of the establishment where the set aims and objectives would be exceeded by my expertise and willingness to learn and improve. Here is my Portfolio website https://jabbar-portfolio.netlify.app ⬈

## Projects

| | |
|---|---|
| 01/2023 | **MEDIUM CLONE WEBSITE,** *Medium app building challenge* ⧉<br>Medium is a platform i love alot . This app was built using firebase ,tailwind css, html. it supports user authentication and an identical user interface as the origin medium app.<br>I came about buiding this web app as a challenge from a friend who said i can never build a web app which looks like medium app visually |
| 2023 | **JABBAR'S BLOG,** *favourite blog for everything information* ⧉<br>I had a lot of fun time creating my personal Blog. i am a someone who does not like to miss out in some of the most important information around so I thought why not create a blog that others can also benefit from.<br>This is my official blog , where I share everything about Information ,ranging from tech, politics ,religion, lifestyle. i created this using nextjs, tailwindcss,sanity and hosted on varcel. |
| 11/2022 | **PIZZA ORDERING APP** ⧉<br>I love pizza's . Who doesn't love pizza? I was learning framer motion and i taught to myself why not create a pizza related app using the knowledge I have from framer motion and react.js. It was created using html, CSS and framer motion and deployed on netlify. |
| 2022 | **SATISFACTION EATERY** ⧉<br>This is my first trial to using Tailwind css . i wanted to build a simple responsive webpage . This page was built with only tailwind css, html and svg images. |
